

MAYOR WILL RULE TRANSIT IN CITY, CRAIG DECLARES

Inform West End Association
New Commissioner Will
Get Power.

At a meeting of the West End Association at the Hotel Ansonia last night Comptroller Craig said:

"There is one thing I know is going to be done and I know whereof I speak. It is that the Legislature will abolish the Transit Commission and provide for the creation of a new city department to be known as the Municipal Department of Transportation, the head of which will be a Commissioner, the same as in any other municipal department."

Regarding the plan put forward by Mayor Hylan, the Comptroller said:

"Mayor Hylan presented a plan of his own. He didn't consult any of us about it, but I can say that his plan will be subjected to the same acid test which we have applied to the Transit Commission's plan."

Comptroller Craig told for the first time during any discussion of the traction plans just what the Administration's opposition to the Transit Commission plan was based upon. He said the main objection was that the Transit Commission's plan simply hooked up the present subway lines with the proposed lines and made it necessary for the same companies that control the present lines to continue their control over the new lines.

"The struggle," he said, "is between the contracts drawn in the interests of private operators and the present city authorities."

An Advantageous Purchase Makes Possible This Big Sale of Fresh

Dear Little Folk:—

I want to introduce
my little brother
Tommy Claus

who until now has always lived with me in the Northland and helped make toys for you. This year I'm going to send him down to you at McCreery's on November 18th to take my place till Christmas Eve, when I will go down to see you myself, as usual. In the meantime I must be very busy, but Tommy is always in touch with me, in any message you send through him will get quick attention. Watch the newspapers every day and he will tell you about himself, and give his opinions on toys. He knows, because he's been right up here with me. And by the way, he is my only official representative.

In his bag I've put this tea set to be at McCreery's tomorrow, for Dolly wants a cup of tea. As much as Mother, You or Me. So here's a set of green and gold. Tea for four 'twill surely hold. You can also have the set in all rose or white and gold. 2.25
